Summary

Skilled front-end developer with experience in HTML, JavaScript, and CSS. Proficient in debugging and website tasks, and looking for a role where I can leverage my customer service and teamwork skills.

Experience

Daty Entry Specialist
Six Eleven Global Services

- Responsible for accurately inputting and maintaining data in digital systems.

Frontend Developer
Shine Ranker

- Engaged as a part-time Frontend Developer for a client, where I translated design frames into responsive interfaces.
- For the development, we used React as our library, and implemented HTML, CSS, and JavaScript. In CSS, we utilized the Tailwind framework."

Full Stack Developer
DepED | Schools Division Office Davao City

- As a Full Stack Developer, I worked on a system envisioned by a client, ensuring seamless functionality across both the frontend and backend.
- In frontend development, I used HTML and CSS to make the site attractive and responsive, and added JavaScript to enhance interactivity.
- On the backend, I utilized PHP programming, which involved creating server-side logic and functionality."

Data Encoder
Buhangin Medical Clinic Davao City

- Ensured that each patient's data was correctly entered, verified, and safely stored in the system.
